What is a CSA?

CSA stands for Community Supported Agriculture.

Each farm has their own take on what their CSA looks like but the basic principles remain the same: it's a partnership with the farm to receive seasonal produce/products throughout the growing seasons.

"You can think about it just as you would a magazine subscription, but instead of receiving a monthly issue, you're receiving a weekly box of what is being produced on our farm. Did you know the average vegetable travels 1,500 miles before it reaches us? With a subscription to our CSA you can receive fresh, seasonal produce, herbs, flowers, eggs and/or meat right here from our MWV farms each week during the growing season.

Being a member of a CSA has many benefits from reducing your carbon footprint and grocery bill, to eating healthier and knowing that your food is coming from a local source, to supporting your local economy, not to mention all of the delicious food you get each week. There are also benefits for the farmer: the CSA model was built to create a symbiotic relationship of support between a farm and its community. Membership is paid up front helping the farmer with overhead costs during the early season and costs that come a long time before harvest.

To us, this relationship is a partnership, one that directly impacts the well being of the community and its members. As partners each season we are making a joint investment, one that comes with both risk and reward, at attempting to create a less volatile future for food, farms, and community." -Black Mountain Farm

Earle Family Farm & Hosac Farm

Details: This is a joint CSA share from a collaboration of two different farms. Each share will be about a bushel of seasonal produce each pickup. Produce will be seasonally appropriate, starting with greens, summer squash, snap peas, moving into cucumbers, green beans, broccoli, cauliflower, tomatoes, peppers, basil, parsley, corn, berries, leeks, onions, beets, carrots, and potatoes, for example. You will be enjoying produce along with the flow of the season on the farms. \$450.00/CSA share = 15 weekly pickups of fresh produce. That's \$30 a week for fresh produce! Shares run from late June to early October.

Pickup Time & Location: Wednesdays 4-6pm at the Earle Family Farm (Baird Hill Rd. South Conway, NH) -OR- Thursdays 4-6 pm at Hosac Farm (136 Kimball Hill Rd. Cornish ME).

To Sign Up: Head to www.hosacfarm.com/csa/ then mail a check before June 1st to: Hosac Farm 136 Kimball Hill Rd. Cornish, ME 04020 or email Natalie hosacfarm@gmail.com with questions.

Mountain Heartbeet Farm

Details: The CSA that encourages you to eat like a farmer! A minimum of 15 weeks of fresh, nutritious, Certified Organic vegetables. The CSA barn is set up 'market style' with 6-10 items per week to choose from. Along with all your vegetables, you will get the inside scoop about what's going on at the farm, new recipes and space to connect with your neighbors.

Pickup Location: Pickup at Mountain Heartbeet Farm in Effingham, NH Tuesday 4-7pm or Friday from 5-7pm.

Cost: Shares are priced on a sliding scale. The upper end enables the farm to cover all expenses for growing your food, donations to local food pantries & community events, and allows those with more limited incomes to participate. No matter what you pay you will get to share in the abundance the farm has to offer.

Family share (\$490 - \$575) – An example of a July pickup is: 1 bunch of kale, 2 heads of lettuce, a bunch of scallions, 1 lb of carrots, 1 bunch of radishes, 4 cucumbers, 2 summer squash, 1 pint of cherry tomatoes, 2 lbs of slicing tomatoes and 1 bunch of fresh herbs.

Individual share (\$250 - \$300) - Individual shares will have smaller portions of each item or you may be asked to choose between items available if the item is not easily divided or is in short supply (think choosing between a head of cabbage and a crown of broccoli).

To Sign Up: Head to www.mountainheartbeet.com/summer-csa-sign-up.html or email mountainheartbeet@gmail.com.

Foothill Farm Alliance's Winter CSA

Several of our MWV and western Maine farms have joined together as a network of family farms with the first goal of offering a multi-farm winter CSA. With several successful seasons under their belt, the Foothill Farm Alliance offers the opportunity to eat locally during the winter months in Northern New England.

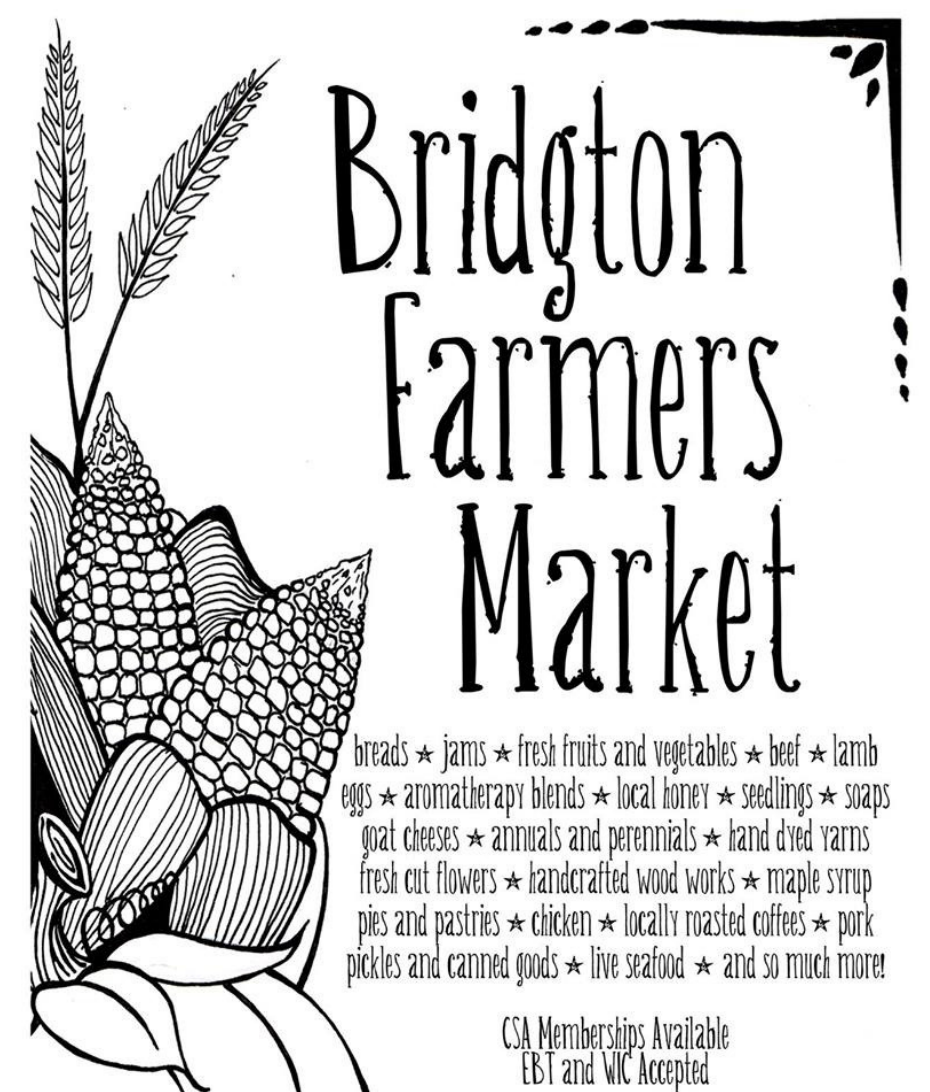

Every other week between the end of October and late January, the Alliance will thoughtfully build a box of vegetables for the members. Members will come to one of four meeting points (from Gorham, ME to North Conway, NH), visit with the farmers and other members, and pick up their veggies. For more details on the winter share dates, prices, pickup locations and vegetable prospectus, please visit the website below.

WHO IS MWVEG?

The Mt. Washington Valley Eaters and Growers (MWVEG) is a non profit organization comprised of farmers and food advocates who are working together on local food issues. We aim to provide a voice for farmers on farm-related topics. Our **mission** is to strengthen the regional food system through communication, collaboration, and cooperation among our farms and our community.

MWVEG will continue working on the promotion of locally grown products in a variety of ways. *If you value the vibrant working landscape present in our communities today, then help keep those farms alive.* MWVEG asks you to get involved. They ask you to be vocal about eating local. They ask you to support local farms, through CSAs, at the farm stands sprinkled throughout the region, at the farmers' market, and by asking, "what's local" on the menu today at your favorite restaurant.

For more information, or to become a MWVEG member, email us at: emailmwveg@gmail.com and 'like' us on Facebook.
