

The Farms of Carroll County *Chef's Edition*

Local Food Guide for area
Restaurants & Wholesale
Buyers

About this Guide

We are excited to share with you the first “*Chefs Edition*” of the Farm of Carroll County Guide. Each year, local farmers, the Carroll County Farm Bureau, and UNH Cooperative Extension collaborate to publish a local guide to farms with products available. In recognition of increasing demand for locally grown food by area restaurants, schools and hospitals, we put together this guide specifically for wholesale markets. In this guide you will find a listing of all the farms in Carroll County who wish to market their goods to you, which products they produce, and how they deliver (day of week/minimum order etc.).

We thank the NH Department of Agriculture Markets & Food for funding the publication of this guide, which we hope will grow in the future.

About this Guide

Farmers submit their listing with products available on an annual basis. We encourage you to coordinate with local farms in advance of purchase and develop a working relationship with them.

Guide Key

- Products available **note many of these items are seasonal*
 - √ Restaurant delivery schedule
 - ◆ Growing practices by the farm

Farms marked with a  symbol denote they operate a farm store.

On page 5 you will find a [quick reference guide](#) to products available

Photos on Previous page: Top: Sherman Farm, Sadie and calf at the Wotton Farm, and ewes on pasture at Farm by the River.
