

# **The Farms of Carroll County**

**Your Guide to Local NH Farms & Food**

# Supporting the Farms of Carroll County

## About this Guide

This guide is a grassroots form of cooperative marketing and a public education tool. **Eating local and supporting our region's farms begins with awareness of who and where our farms are.** We hope this guide will help you understand where and how to access Carroll County's bounty of agricultural products.

## Shop Local

Each farm has its own method to sharing their products with the community. On **page 9**, you will see there are five different farmers' markets throughout the summer and winter. From Wolfeboro to Conway, there's a market not far from your town. Some farms also sell at local groceries or at their own farm stands. Take note of the symbols next to each listing for details.

## Understand Seasonality

We hope you revisit this guide as the seasons change, and that you take full advantage of the diverse array of locally grown foods. This chart should help you understand what grows in our region and when.

## Get Involved

It's up to us, as consumers, to back local farmers and suppliers. Contact [emailMWVEG@gmail.com](mailto:emailMWVEG@gmail.com) for ways you can contribute to a thriving local food system here in NH. Time, talent, and treasure are all welcome.

Thank you,

The Farmers of Carroll County

# Using this Guide

---

Farms marked with a 🍷 symbol denote seasonal U-Pick.

Farms marked with a 🏠 symbol denote they operate a farm store.
