

2020 Board Member Nominee

Meghan Moody

Meghan Moody is a proud native of the Mount Washington Valley. She hails from Bartlett, NH, and attended both Kennett High School and Fryeburg Academy. Meghan is a self-described USVLT “groupie” and has been a tireless volunteer at several of USVLT’s events over the years. She is an enthusiastic member of our Art Celebrates Place committee – and, as a talented local artist herself, she is one of our artists for the postponed 2021 event. The Art Celebrates Place postcard, which was mailed out in early March, features her work!

Meghan attended Elmira College where she took courses in marketing, management, and art. She is now using those skills as the Marketing Coordinator at HEB Engineers, Inc. in North Conway, NH, where she leads all marketing activities for the firm. A multi-tasker and social media maven, she will bring enthusiasm and “younger generation” skills to USVLT. She’s also a wicked good hockey player.

In addition to her keen sense of design, she has valuable experience working in our local restaurant industry. As former General Manager (and Front-of-House master) of Thompson House Eatery, Meghan also knows how to plan an epic bash, work a crowd, and make everyone comfortable. She has also worked at Tamworth Distilling and at the Oxford House Inn – so she knows just about everyone in town (and what they drink). Meghan and her partner, Dave, live in North Conway with her two crazy pups, Cady-dog and Roux.
